Documents and attachments

Open and share attachments, add files from storage or the camera.

- HOW-TO
- USER
- UPDATED: JUL 2026
- APPLIES TO NUCLOS APP 1.0

On this page

- [Add an attachment](#)
- [Open & share](#)
- [Related pages](#)

The app shows document fields as attachments you can **open** or **share**.

Add an attachment

When the field is editable you can attach a file – from local storage or directly from the **camera**.

 **Remember to save**
New attachments are uploaded first (upload token) and applied when the **record is saved**.

Open & share

Stored attachments can be opened with a suitable app or passed on via the system share sheet.
