Machine-translated – under review

This page was machine-translated from German as a first draft and is currently under review. The authoritative source remains the **German original** (see the language switch above).

4.1.1 Download

Download the ZIP file "MT940-v1.8.0-4.19.3.zip" from the Nuclos web page under "Nuclos Services" > "Download" > "Nuclet Download". Then unpack the ZIP locally.

4.1.2 Nuclet import

Import the MT940 Nuclet under "Configuration > Nuclet Management > Import" into your existing Nuclos instance, selecting the file "MT940-v1.8.0-4.19.3.nuclet".

During the import, 4 messages are shown to you:

- Businessobject Bank Transaction Ref references to unknown Businessobject MT940 Reference. Redirect to dummy Businessobject!
- Businessobject Bank Statement references to unknown Businessobject Currency. Redirect to dummy Businessobject!
- Businessobject Bank Transaction references to unknown Businessobject MT940 Reference. Redirect to dummy Businessobject!
- Businessobject Bank Transaction references to unknown Businessobject Currency. Redirect to dummy Businessobject!

-- these messages refer to the adjustments that you have to make in step 5.
