#### Machine-translated – under review

This page was machine-translated from German as a first draft and is currently under review. The authoritative source remains the **German original** (see the language switch above).

The notes on this page highlight special changes that require separate mention beyond the release notes. This applies in particular when upgrading to a new Nuclos release requires certain additional preceding or subsequent measures that must be observed to avoid unwanted behavioral changes or side effects introduced by new features.

#### Change to versioning

With this version the format of Nuclos versions changes, see the wiki entry: [Versioning](#)

Nuclos is now released weekly; bug fixes are released separately from this.
