### Columns & sorting

Reorder columns via drag & drop, sort by clicking the header. Use **Show/hide columns** to choose fields; *Fixed* keeps columns in place. Subform data (blue) is shown sequentially.

### Export & print

Export the list to **Excel**, **PDF** or **CSV**, or print it via **Print result list**.

Performance

For > 1000 records only 100 are loaded first and more are loaded while scrolling (progress bar). The count is in the footer.
